

**University of California Office of the President, Oakland, CA /  
University of California San Francisco  
LEED Existing Building Certification**

**UC Office of the President Headquarters**  
**1111 Franklin Street, Oakland**  
LEED EB Silver Certification, 2007

The project demonstrated use of the LEED EB process for the 10-campus system and focused on energy and water efficiency and recycling. An estimated \$26,000 per year in energy savings was achieved through this process.

**UCSF School of Nursing,  
Parnassus Campus**  
LEED EB Certification, 2015

Staff and student engagement was key to the LEED EB certification of the UCSF School of Nursing building, a particularly challenging task in a vintage 1972 structure.
